CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Good Soda

There are three essentials in the making of good soda water: A good apparatus, the use of best materials, care and conscience in the making and serving.

Good Soda

Requires far more attention than the general public is apt to surmise—at least, when made with the care we give it.

Good Soda

Demands liberality in the purchase and use of choice materials and careful daily attention to all the sanitary details of the fountain. Our Soda not only tastes good, but is good in every possible sense of the term.
